chetan132005@gmail.com ⋄ linkedin.com/chetan-choukade

OBJECTIVE

Motivated and detail-oriented Full-Stack Developer with strong skills in Python, Django, REST APIs, and front-end development. Passionate about building scalable and intuitive web applications. Seeking opportunities to apply technical knowledge, contribute to software projects, and continuously grow as a developer.

EDUCATION

B.Tech in Computer Science, Lakshmi Narain College of Technology	Expected 2026
Diploma in Computer Science, S.V. Polytechnic College	2020–2023
Secondary Education (10th), St. John Higher Secondary School	2019–2020

SKILLS

Frontend: HTML, CSS, JavaScript, REST APIs
Backend: Python, Django, DRF, MySQL
Tools: Git, Postman, VS Code, IntelliJ IDEA
Soft Skills: Problem-Solving, Critical Thinking, Teamwork, Adaptability, Leadership

EXPERIENCE

Hands-on development experience through full-stack projects involving authentication, REST APIs, database design, deployment, and front-end development. Actively learning through coding challenges, collaborative development, and building scalable applications.

PROJECTS

MindfulChat – Mental Health Chat Application *(Django, DRF)* AI-powered emotional wellness platform offering supportive conversations and stress-relief tools.

- Developed REST API architecture for chat flow, journaling, and guided exercises.
- Added breathing and calming activities to improve user engagement.
- Built a clean, responsive, mental-health-friendly UI with smooth navigation.

College Management Website *(Django, Python, MySQL)* A complete academic management web platform for attendance, results, and student records.

- Implemented secure role-based access (Admin, Teacher, Student).
- Designed optimized MySQL models for structured and fast record retrieval.
- Improved usability by applying template inheritance and consistent UI components.

Live: college-management-qain.onrender.com

DSA Learning Platform *(Django, HTML/CSS)* Educational website offering structured DSA learning modules.

- Designed topic-wise modules to simplify complex concepts.
- Added session-based progress tracking for personalized learning.
- Developed a fully responsive UI compatible with all screen sizes.

CERTIFICATIONS AND ACHIEVEMENTS

Python & Django Developer – Industrial Training (Feb 2022 – Mar 2022) *Cyber Law Pioneers Pvt. Ltd.*

- Completed hands-on industrial training in Django, MySQL, and backend development.
- Built CRUD modules, worked with Django models, templates, routing, and form handling.

IBM SkillBuild Certifications:

- Data Analysis with Python
- Python for Data Science
- Python for Machine Learning

LEADERSHIP

- Led a team through planning, development, and deployment of major academic projects.
- Contributed to a startup project, handling both backend features and planning.
- Organized college-level events, managing coordination, logistics, and execution.
- Facilitated coding and DSA study groups to help peers improve technical skills.
